

SPECIAL SESSION ON:
Emerging Secure and Control Applications of Internet of Thing, Machine Learning and Artificial Intelligence

SESSION ORGANIZERS:

Dr. Vijayakumar Peroumal | Dr. Jagannath Mohan

Associate Professor

School of Electronics Engineering

Vellore Institute of Technology, Chennai, Tamil Nadu – 600048, India

Dr. Pravin R. Kshirsagar

Professor & Head-ECE, AVNIET, Hyderabad- 501510

About the Topics

The main focus of the special issue is to assist and provide supports to the upcoming technologies such as Internet of Things (IoT), Machine learning and Artificial Intelligence along with its impact on security for medical applications, image processing, industrial applications and automotive networking sectors. It gives a way to have a discussion forum on the secure way of IoT device to device communication, emerging cryptography technique in the area of control and automation, secure protocols for robust communication, security issues in industries, healthcare wearables, and data analytics.

List of Topics but Not Limited to:

- Secure Protocol for Industrial IoT
- Security in Vehicular Adhoc Network
- Cryptographic Approaches for End-to-End Device Communication
- Machine Learning Algorithm for Security Applications
- Secure Healthcare Applications
- Image Processing Analytics and its Applications
- Emerging Cryptography Technique for Industrial Applications
- Security Approaches for Automatic Applications
- Secure Protocol for Wireless Automation System
- FPGA Implementation of Cryptographic Algorithm
- Mobile Based Automation System

Researchers, Scholars, Students, Academicians, Industry Persons and Practitioners are invited to submit papers for this special session on Emerging Secure and Control Applications of Internet of Thing, Machine Learning and Artificial Intelligence on or before 1st June 2021. All submissions must be original and not be under review by other publications. INTERESTED AUTHORS SHOULD FOLLOW THE CONFERENCE'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at <https://smarttech-conference.org/2021/submission.html>. All submitted papers will be reviewed on a double-blind, peer review basis. NOTE: While submitting paper in this special session, please specify the special session title (Emerging Secure and Control Applications of Internet of Thing, Machine Learning and Artificial Intelligence) at the top (above paper title) of the first page of your paper.
